Ex-Members of TICN Speaks!

Dear hopeful investor,

If someone told you:

"Give us \$25,000 from your savings, we'll pass some of it to our friends, the rest we'll BLOW AWAY and we'll give you 10% back from everything you have started with. Or, if you're lucky, we will generate some income from your cash, we'll take 50% from your profits, we will THEN go ahead and blow away whatever you got left in your account, leaving you with 10% from everything you have initially 'invested' with us." **Would you do it?**

As crazy as it sounds, but that's exactly what you're being asked to do at TICN.
